Re: C00145862 / Year End (10/01/2007 - 12/31/2007)

Dear Ms. Kelly:

Here is an amendment to our year end report to include new information received. In response to your inquiry regarding procedures used to obtain occupation and employer information we respond as follows: Our committee makes a best effort attempt to obtain the occupation and employer information in three ways. Initially, all solicitations for contributions state clearly and in bold letters that people who contribute \$200 or more during an election cycle must provide their occupation and employer information. If they fail to do so with their contribution, we then send them a separate request along with a form and a postage paid envelope to submit the information. If this fails, we then attempt contact via telephone or email if that contact information is available to us. Lastly, if all other attempts have failed, we access various websites that offer search engines for donor names and information.

Thank you for your assistance with this matter.

Sincerely,

Curtis L. Coonrod
Treasurer, Dan Burton for Congress Committee
